## SUMMARY

Frontend developer with 4+ years of experience building responsive, accessible, and high-performing web applications using React, Next.js, and TypeScript. Passionate about solving real-world problems through clean and scalable code. Proven success in developing startup platforms, improving SEO and performance, and mentoring fellow developers.

## EXPERIENCE

### Frontend Developer | EcoHotels — November 2023 - PRESENT.

- Collaborated with a distributed team to design and build web interfaces using Next.js and Tailwind CSS.
- Improved SEO, accessibility, and page load speed, achieving a 98+ GTmetrix score.

### Frontend Engineer | Cragpay — January 2022 - 2023

- Led development of the admin dashboard using **Next.js**, **TypeScript**, **Chakra UI**, and **GraphQL APIs**.
- Authored product requirement documents and maintained the merchant-facing platform.
- Reduced front-end bugs by **30%** through consistent testing and QA workflows.

### Frontend Engineer | Eduvacity — March 2023 - December 2023

- Spearheaded responsive UI design for a multi-role learning platform.
- Built reusable components in **Next.js** and **Tailwind CSS**, improving development speed by **20%**.
- Led frontend team coordination and interface consistency reviews.

### Frontend Engineer | PinnacleICTs — APRIL 2021 - DECEMBER 2021

- Developed frontend systems for startups using a variety of JavaScript frameworks.
- Trained and mentored interns on company technologies and best practices.

## EDUCATION

### Nigeria Institute of Leather and Science Technology — 2025

- Higher National Diploma(**HND**) in Computer Science
- Lead Developer, **Google Developer Student Clubs (GDSC)**
- Core Team Member, organized tech workshops on **Firebase** and **Flutter** for 30+ students
